**SCHEDULE A GOVERNED BY
RECOVERY SERVICES AGREEMENT DATED 11/05/1999
BETWEEN SUNGARD AVAILABILITY SERVICES LP and STATE OF MICHIGAN
Page 4 of 4**

Mobile Configuration 4.
(Cust Ref: HRMNPW1)

Quantity	Description
4	ANNUAL TEST PERIODS (ADDITIONAL)

4

- ⁴ Subscriber acknowledges that the additional Test Period(s) reflected in each configuration on the Schedule are intended to increase Subscriber's total allotment of annual Test Period(s) set forth on the front page of the Schedule by the total number of additional Test Period(s) set forth in a single configuration, unless otherwise noted.
- ³ To be governed by the terms and conditions applicable to Mobile Resources.
- ⁵ To be provided to Subscriber at the Primary or Alternate Recovery Facility only.

Section C of the Recovery Services Agreement shall be replaced, in its entirety, with the following:

- C. MULTIPLE DISASTER.** Subscriber's rights of immediate and exclusive use of the Recovery Services, as provided in Section A2, shall be subject to the possibility that one or more other Subscribers ("other affected Subscribers") could declare a disaster at the same time as (or before or after) Subscriber and require use of the same Recovery Resources at the same time as Subscriber ("Multiple Disaster"). The following provisions are intended to avoid or minimize contention for Recovery Resources during Multiple Disasters.
- 1. PRIORITY RESOURCES AND SHARED RESOURCES.** All Recovery Resources shall be available on a priority use basis ("Priority Resources") except for those designated by SunGard as available on a shared use basis ("Shared Resources"). SunGard's designations of Shared Resources shall be made in its reasonable discretion and shall be subject to change without notice.
 - 2. ACCESS AND USE PROCEDURES.** Access to and use of Recovery Resources during disasters shall depend upon whether the Recovery Resources are Priority Resources or Shared Resources and, with respect to Priority Resources, the order in which disasters are declared. SunGard shall maintain records of its receipt of disaster declarations, which shall be the exclusive basis for determining the order in which disasters are declared.
 - (a) Subscriber shall have priority rights of access to and use of applicable Priority Resources that are not then being used by other affected Subscribers who previously declared disasters. Use of such Priority Resources is exclusive for as long as Subscriber is entitled to use them under Section A2.
 - (b) Subscriber and all other affected subscribers shall have equal rights of access to and use of applicable Shared Resources. Irrespective of the order in which disasters occur or are declared, use of Shared Resources may be exclusive at times, but remains subject to the possible need for shared or allocated use with other affected Subscribers.
 - (c) If applicable Priority Resources and applicable Shared Resources are both available, Subscriber may choose which type to use.
 - (d) Subscriber shall cooperate with SunGard and all other affected subscribers as reasonably required under the circumstances, including to coordinate the efficient use of Recovery Resources, to avoid or minimize the need for shared or allocated use of Shared Resources, and to implement any necessary plans for shared or allocated use of Shared Resources.
 - (e) If a Multiple Disaster is widespread or extreme, then, notwithstanding the foregoing provisions, SunGard may implement emergency procedures that are necessary, in SunGard's reasonable judgment, to allocate Recovery Resources in order to satisfy the critical needs of affected Subscribers, applicable national security interests and comparable concerns.
 - 3. MULTIPLE DISASTER PROTECTION.** To lower the probability of a Multiple Disaster, SunGard shall comply with the following terms:
 - (a) No other subscriber shall be granted any greater rights of access to or use of the Recovery Resources than are granted to Subscriber under this Agreement.
 - (b) No agreement to provide use of any Recovery Resources shall be entered into at a time when the Subscriber location to be serviced is then currently experiencing a disaster.For Center-Based Recovery Services, SunGard also shall comply with the following:
 - (c) To discourage unnecessary disaster declarations, Disaster Declaration Fees, as provided in the Schedules, shall be charged whenever a Subscriber declares a disaster.
 - (d) To discourage unnecessary use of the Recovery Resources, Daily Usage Fees, as provided in the Schedules, shall be charged for use of the Recovery Resources other than for tests.
 - 4. CRISIS MANAGEMENT.** Whenever SunGard learns of an approaching storm or other situation that might cause a Multiple Disaster, SunGard shall monitor the situation and use commercially reasonable efforts to coordinate contingency plans with all potentially affected Subscribers.

THE TERMS OF THIS SCHEDULE ARE CONFIDENTIAL.
